## **Neteges Granera with headquarters in Reus and service throughout Catalonia.**

Knowing about the importance that work's quality has for our customers, we offer solutions to all kind of professional challenges with a prepared and specialised team.

We always work with top quality materials and have also a wide range of organic products available.

We want to emphasize that we are dedicated to the maintenances with professional machinery and a service that offers the best features.

Quality of our services allows us to consolidate ourselves as a reference and reliable company, always giving the best attention and response.

We offer all the cleaning and disinfection services you may need. We adapt ourselves to your necessities, schedules, services, products, etc.

Continuous improvement and development to keep us always at the forefront of the market. That allows us to offer our services knowing our response will always be the most appropriate to your necessities. We have an exhaustive control of the work done, offering, in that way, a quality and professionalism from which you will be the first to have benefit from it.

**We work responsibly on the containment of COVID-19!**

**We have specialized products for disinfection, both in floors and surfaces, approved by the Ministry of Health, always following specific protocols and adopting all the appropriate safety measures.**

**Neteges Granera!**

**Professionalism, Quality of Service and Personalized Service for each customer.**

**Cleanliness at reach for all.**
